Kindergarten

Fall 2009

For next year!

Nothing prepares your child for success in elementary school like a strong Kindergarten experience where academic, social and spiritual development go hand in hand.

That's why **God's Bright Treasures Academy** is proud to offer a Kindergarten alternative to public school.

"The private Kindergarten program at DHUMC has been a life-changing experience for our entire family. Our child received the highest quality academic education within a Christian context full of biblical truths which helped him and us grow in knowledge and faith."

Jazmin Blankman, parent 2008
